

# Your trusted FinancialForce partner

## FinancialForce Upgrades

Stay current on the latest FinancialForce release to ensure optimized business processes via new features and functionality.

---

# Are your FinancialForce Products up to date?

## What Is Involved?

FinancialForce is focused on continuous product improvement delivered with multiple annual releases. Icon is focused on identifying product improvements that enhance your business.

Icon will assess the impact of product changes to your solutions' current state, align new functionality to your business processes, and guide the adoption of best practices.

Bridging the gap between feature functionality and business process is what we do!

## Upgrade Service

PSA Fall 20 Upgrade — Starting at \$7,500

FFA Fall 20 Upgrade — Starting at \$4,500

## Accelerated Value

Continuous improvement depends on incremental optimization. Outdated tools can adversely impact your business. Realize the full value of your FinancialForce products as quickly as 2 to 4 weeks.
